PAY EQUITY

Introduction

This bibliography lists material on pay equity published between 1986 and 1989. Selections are limited to items which are held in the Pay Equity Commission Library. A number of different aspects of pay equity are covered including the theoretical, legal, and practical aspects. Items concerned with pay equity as it relates to collective bargaining and job evaluation have been excluded since separate bibliographies have been compiled on these two topics. Although the geographic coverage is world-wide in scope, the majority of listed items pertain to Canada, the United States, Great Britain, Australia and the Western European countries. The bibliography is divided into three parts - part one being **Books/Reports**, part two being **Pay Equity Commission Reports**, and part three being **Articles**.

Selected Bibliography Series

No. 1 Pay Equity

No. 2 Job Evaluation and Pay Equity

No. 3 Collective Bargaining and Pay Equity

August 1989
